

Brings you the best in Retail Technology

Electronic Cash Register

ER-260/265

Solution for the Mid-sized Retail and hospitality Environment, with Effective Financial Reporting and Durable Construction

The model ER-260/265 is SAM4s brand new perfect solution for all business environments. This cash register provides speed, accuracy and security in your retail or hospitality operations.

The ER-260/265 series loaded with many features, convenient for both clerks and customers.

Advantages

- Automatic Tax Calculation
4 VAT or 2 Add on tax or 1 straight tax will give you the convenience of calculating various taxes
- 1000PLUs
1000 PLUs (Price Look-up) feature to automatically price and track sales is for up to 1000 fast moving items. This feature will lead to high throughput
- Real time Clock-hourly sales reporting
Printing the time, charging the data, and generating hourly sales reports are all possible. Hourly report data details the net sales and customer count for each hour of the day

- 15 Departments
15 departments increase the ease of operation and point of purchase control in retail & hospitality applications. Fast moving items can be easily checked for price and count
- Financial Reports
A complete analysis of your department sales, function totals and actual totals gives you a thorough review of your business. This financial analysis feature will bring total control over your budget, stock status, etc.

Features

- Flat or Raised keyboard selectable
49 keys
- Quick & quiet thermal printer
- Graphic Logo
- Real time clock
- Euro currency
- Customer Rear Display (option)
- Mid size drawer-New carbon effect included
- RS-232C port for kitchen printer and PC utility
- Daily and Periodic X & Y report
